- Worked as a Senior Software Engineer for **CES Technologies** from Nov 2021 to Jan 2022.
- Worked as a Senior Software Engineer for **Prodapt Solutions** from June 2021 to Oct 2021.
- Worked as a Senior Software Engineer for **Think Talent Services Pvt Ltd** from April 2018 to May 2021.
- Worked as an Intern for **Think Talent Services Pvt Ltd** from Jan 2018 to April 2018.

Projects: Omni-Channel Integration Platform (Connect, Central Support, Career Anchor, Ability, Landing)**Tech:** Python, Flask, ReactJS, AngularJs, MySQL, MicroServices

Project Description: It is a Platform where every tool integrated into one. It is used on website view to discover how employers/users experience and enhance their online service. It gives a platform to the user to do tasks and performs the learning courses. Another platform gives the overall details about a specific user or bulk users, whose are enrolled in our platform

Responsibilities:

- Created Project Structure and Database Design.
- Developed Model and Rest APIs
- Tracking and resolving the bugs.
- Tools Used: PyCharm, WebStorm, Visual Studio, Git Repository, IntelliJ IDEA

Project: Dashboard**Tech:** R

Project Description: This project is displays data based on design and analytics manner.

Responsibilities:

- worked on designing a platform in R-shiny to show data analytically and statistically.
- Tool Used: R-studio

Project: Image-Integration Survey**Tech:** Python, Django, MySQL, jQuery, DRF

Project Description: Built a location-aware application utilizing Latitude/Longitude data to serve localized image content to users.

Responsibilities:

- Created Project Structure and Database Design and developed Model and Rest APIs.
- Tools Used: PyCharm, Git Repository

Project: ERP Platform**Tech:** Python, AWS -API Gateway, Lambda, SNS, RDS, SQS, S3, Javascript, AngularJs

Project Description: This project manages Clients' business processes integrated with other platforms like Amazon, Infor.

Responsibilities:

- Building APIs using AWS API Gateway, Lambda.
- Worked on fetching data using Infor and AWS APIs and data integration in the web components.
- Tool Used: Visual Studio Code, Git Repository, PyCharm, Jira

Education Details:

- 2016 Master of Computer Applications (**MCA**) from IGIT, Sarang, Dhenkanal, Odisha.
- 2013 Bachelor in Science (**B. Sc- Comp. Sc**) from Ravenshaw University, Cuttack, Odisha.
- 2010 12th from Swami Vivekananda Memorial College, Jagatsinghpur, Odisha.
- 2008 10th from D.A.V Public School, Paradeep, Odisha.

Personal Details:

I believe in sincerity to achieve any specific goal & work with utmost efficiency to complete a project or to achieve any target within the specified time. I have the leadership quality in myself.

Date of Birth	:	1 st June, 1993
Hobbies	:	Playing Cricket, Puzzle, Chess
Languages Known	:	Odia, English, Hindi

I hereby declare that all the information presented by me is true & bona fide to the best of my knowledge.

Place: Bhubaneswar**Date:** 01.05.2026
